

School: Eagle Ridge Junior High
Date(s) of Residency: Nov 20

CLIMB's 40-Minute classes are conducted in individual classrooms to give an interactive experience. The topic for the students will be Gateway Drugs.

Please take the time to write your name, room number*, grade, and number of students per class in the time slot that will work best for you. We request that, if possible, you fill in slots consecutively during the day so that our actors do not have large gaps of time between classes. If you have multiple teams of actors coming to your school in one day, please fill out one form per team. Thank you for your assistance.

All classes are 8th Grade
