To Whom It May Concern:

Amy Starr has worked at Eagle Ridge Junior High School for the past two years. She is currently the Family and Consumer Science teacher as well as being a teacher leader in the position as Professional Learning Communities Facilitator. In both positions Amy has done an outstanding job. She has brought new ideas and energy to her department and the building.

Amy has a wealth of skills and abilities that she has brought to bare in her duties at Eagle Ridge Junior High. She is sought after by students, colleagues, and building administration for her willingness to help no matter the size or nature of the problem. She will spend time helping a student solve a seemingly simple problem as well as devote her time in working on committees to better the school community.

Amy has demonstrated strength in her instruction and exceeds standards in all areas. She holds high standards and provides students the tools to do well. Amy quickly became a valued member of our team at Eagle Ridge and is well respected. She is deeply conscientious, professional, and hard-working.

If Amy were to leave Eagle Ridge it would be regrettable indeed. She is a strong team player and is passionate and committed to the field of education. I strongly recommend Amy for an administrative position and am sure that you will be more than satisfied with her performance. If I can provide further information I can be reached at 952-707-2821.

Sincerely,

Cherie Braspenick

Associate Principal
