Cherie-

Here is a summary of the day:

1. Locker Search: Terry and I conducted a locker search looking for a jacket. Terry got information about a student and a jacket that was involved in a robbery the night before and was asked to search for the jacket. We searched the locker and found the jacket. Terry confiscated the jacket and will follow up with you tomorrow with details.

2. Referrals

I went through the referral folder and saw 9 students. Here is a summary of the offense and consequence.

3. Walk ins

3 girls were sent up from gym for arguing. There was a potential fight. I called the parents of all parties and spoke to them. Girls were kept separated and in ALR and the office for the remaining of the day. Peer mediation was done to ensure that the conflict will not occur again.
